TECHNIQUES OF LIGHT

Using the frequency & vibration of light...

We are offering a new and exciting course and are constantly channelling new and wondrous ways to heal.

STEM CELLS

Working with **STEM CELLS** has been an incredible eye opener. Just by working with **one** stem cell, we can heal and regenerate any organ in our bodies. The Organ Regeneration processes taught by Ken Graydon offer amazing healing opportunities which may include the replacement or regeneration of organs, removing causes of illness or changing life circumstances.

MULTI-FREQUENCY ALIGNMENT

Takes us way down into the Core of the Earth and way beyond into the Cosmos. It is through the Earth's Core that we can become aligned with the entire energies of the Universe. **This is very powerful work**, and creates greater awareness and sensitivity in preparation for students to be able to work in the higher frequencies.

ATOM CONSCIOUSNESS INTELLIGENCE

Our work with Atoms takes us **way** beyond anything we could have conceived before. The incredible mind-blowing discovery of finding out that Atoms actually have feelings, thoughts, and emotions, just like us...has opened up new pathways in understanding how we can make powerful life changes beginning at the core cell level, with their ready willingness to help.

GENETIC ANCESTRAL INHERITANCE

At conception, all the information from both parental lineages comes into the First Born Cell or Stem Cell. So we carry in every cell, chromosome, stem cell, organ system, muscles and bones etc., traits and baggage which is lodged in our DNA.

For countless generations, many people have wondered why their actions, seemingly beyond their control, have caused so much grief to those around them, particularly loved ones. They seek help from psychologists etc. to no avail.

GENETIC ANCESTRAL INHERITANCE (continued)

All of this negativity (*negative programming*) which can go back Eons in time, can cause havoc in our bodies, even creating diseases.

The wonderful thing is that we can transform our DNA back to its original optimal functioning blueprint. We can break the chains that have bound us to recreating the mistakes of past generations, FOREVER!!! Thus creating a brighter, happier future for our children, and ongoing generations. ***The work we do here is highly intensive but the results are amazing.***

She can see into the past and the future and is able to bring in the light. It will be an amazing experience for those who have never been witness to it. **Trish** - SydneyMeditationCoach.com & SydneyHypnotherapist.com

For your time, love and understanding, I thank you both."

Testimonials 3

Evelyn Hoter owner of Peuma Hue, Patagonia: Only Rosemary knows how she does it. Her Joy, her commitment, her own world and vision, the way she spreads her passion all this results in a beautiful encounter joining into a special energy she triggers, beyond words, beyond complete understanding. Everyone reads it their own way, grasping what each of us can, but always resulting in some learning, in some healing. And in some beautiful feeling of being connected: to others, to the world, to what is beyond feeling participants and responsible to what each of us can do. Chanting, exercises, fun, love, dancing, lectures, meditations, there is a lot to join into. Can't wait for the next one. In the meantime expand my learnings.

Testimonials 4

With her guidance and Divine Teachings, one minute you are a person drinking a coffee in the neighbourhood café and the next moment you are lost in a heaven-sent experience and at the same time having a full recognition of who you really are. Come and walk with Rosemary for she will show you your own special journey with many adventures that will open your heart. Come and join this incredible woman into the pathways of spiritual bliss and when the time is right, you will realise that you will never be the same again.

Testimonials 5

Larissa Eldridge: In relation to Seichim attunement

How my heart sang to find its way
Home to the magical garden
Butterflies were singing to the flowers
As they danced in rapture
Angels blessed my soul with wings of love
To enlighten me
The gift of music to sound such
Heartfelt song
How sweet is God's Magnificent Loving
How precious the air to breathe of life
Elves and Fairies held hands to join the
Dance as a beautiful Goddess sang from Heaven
Amazing hands healed my soul
As I lay on a magic carpet.
Such tenderness turned tears to stars
As the moon longed to follow the sun
The eagle dancer rejoiced to witness.
Such Loving
